[The Linkage Group](#)

- Review data for deficiencies or errors, correct any incompatibilities
- Delivered top-notch administrative support to office staff, promoting excellence in office operations.

### Portfolio Projects:

React ToDo Web Application:

[Click Here For Live Demo](#)

- The goal of this app is to help us become more aware of how we spend time in the process of doing those tasks and how productive that time is. It can help set some constraints on social media to reduce distraction and track the time we spend working on the to-do items.
-

React Movie Land Web App  
[Click Here For Live Demo](#)

- Movie Land is a free, lightweight & open source app with Clean UI powered by TMDB that easily provides you guidance about any Movies & TV shows. Please note: You cannot watch TV shows or movies with Movie Land.

React Recipe Web App  
[Click Here For Live Demo](#)

- Take you to the recipe, with a clear list of ingredients and how to prepare them. They have a photo with the finished product (which you hope you can match), and that's it. Some apps even have set-by-set video instructions that will walk you through the cooking process
